

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, call: Personify Health at 800-849-0580. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at www.dol.gov.ebsa/healthreform or call 800-849-0580 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$1,200/Individual \$2,400/Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes, preventive services , office visits and urgent care .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, \$150 for non-generic prescription drugs .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. If you have other family members on the plan , this deductible applies to the family not each individual.
What is the out-of-pocket limit for this plan?	\$3,250/Individual \$6,500/Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own individual out-of-pocket limits until the overall family out-of-pocket limits have been met.
What is not included in the out-of-pocket limit?	Premiums , balance billing charges, health care this plan doesn't cover and cost containment penalties for failure to obtain pre-authorization when required.	Even though you pay these expenses, they don't count toward the out-of-pocket limits .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Not applicable	This plan does not use a provider network . You can receive covered services from any provider . If you receive a bill from a provider for the difference between billed charges and the amount payable by the plan that is more than your cost-sharing amount under the plan , please call Personify Health at 800-849-0580.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
